BPM: 95 | 4/4

## Intro

1 / 6 / | 4 / / /      2x

## Verse

1                          6                          4  
No more houses built on sand for me  
1                          6                          4  
No more idols will receive this offering  
5                          6                          4  
No more leaning only on our understanding  
1 6                          4  
Jesus, we will trust in You  
1 6                          4  
Jesus, we will trust in You                          2x

## Chorus

2                          6                          5  
We won't be ashamed of Your name Jesus  
4                          1                          5  
We will not hide in the darkness anymore  
2                          6                          5  
We won't be ashamed of Your name Jesus  
6                          5                          4  
Our sin cannot define us anymore

## Turn

## Bridge 1

4                          5                          6  
He is strong enough to deliver us  
1/3  
He has already won the battle  
4                          5                          6  
Fall down on our knees, praise the risen King  
1/3  
He has already claimed His power                          2x

## Bridge 2

4                          5  
He has conquered death  
6  
He has cleared the tomb  
1/3  
He is already crowned in glory  
4                          5  
He had paid our debt  
6  
He has made us new  
5sus                          5  
He has claimed His throne

## Chorus

2                          6                          5  
We won't be ashamed of Your name Jesus  
4                          1                          5  
We will not hide in the darkness anymore  
2                          6                          5  
We won't be ashamed of Your name Jesus  
6                          5                          4  
Our sin cannot define us anymore      2x
